cago, and had a summer home at Channel Lake for many years before he retired and moved here permanently. He has been a resident of this area for 40 years.

For many years he was president of Sunside Subdivision Association.

Mr. Warner celebrated his birthday quietly this year, with a cake and a few friends dropping in.

Protest Action Of Board

Members of the Lake County Safety Commission have made public a letter sent by them to Robert J. Dickson, chairman of the Lake County Board of Supervisors.

The letter requests clarification of the "recent action taken by you with regard to the dismissal of our Executive Director."

The letter goes on to say that there was no change in the By-laws stipulating that hiring and dismissal of staff members was denied to the commissioners. The commissioners also protest the fact that the letter informing Mr. Eugene Landen, chairman of the Safety Commission, of his dismissal, was not sent through proper channels.

The Commissioner's letter is dated Dec. 19.

No Zip Code, Either

Snow and sleet, ice and hail, that's not so bad. The U. S. Postoffice has maintained a record of mail delivery in spite of the weather for many years.

But some of those addresses are enough to throw you. Especially the ones on Christmas cards. People are sending cards to people with whom they are out of touch for the rest of the year, so far as mail addresses go. So some pretty weird addresses show up in the postoffice.

It's a tribute to the ingenuity and brain-power of postal employees that most of these letters get delivered. Here's a sample. This Christmas card was mailed to, and received by Harold Gaston. It was addressed to:

Mr. and Mrs. Harold (I forgot) Ellen, Richard
Rt. 1,
Antioch, Ill.

That was the address on the envelope. No last name. But they received the card.

H. S. Grads Invited To Open House

All Antioch High School alumnae attending college and home for the holidays are invited to an Open House sponsored by the high school, cafeteria from 3-5 p.m. on Thursday, January 2.

Man Beaten At Resort Xmas Eve

Sheriff's deputies were called to the Litchford residence on Grass Lake Road Christmas Eve after a man allegedly beaten at Little America Resort burst into the Litchford home asking that police be called.

Ed LaFlamme, Rt. 1, Spring Grove, told sheriff's deputies that he went into Little America to buy a pack of cigarettes, and two men he didn't know started to beat him.

LaFlamme said he dived through a rear door of the tavern to escape the men and ran to the Litchford residence for help.

Frank Carlin, bartender at the resort, confirmed LaFlamme's story. He said he did not know the men, but heard one of them make a remark as LaFlamme came in "that guy owes me money." He said the men did not appear to be drunk, and that when he tried to stop them they broke his watch.

Carlin told police that the men were driving a pickup truck with the name "L. N. Place, General Contractor" on the side. Police called Mrs. Place and asked her who had her husband's truck. She said her husband was driving the truck.

LaFlamme notified the sheriff's office the next day that he had identified the two men as L. N. Place and Jack Wahl. He signed complaints charging assault against the two.

Warm-Blooded Robin Winters in North

A confused robin has evidently decided to spend the winter at Channel Lake.

Frank Royer, who lives on Route 173 about three miles west of Antioch, first noticed the robin on Dec. 24. Mr. Royer has an apple tree in his yard which still has a couple of bushels of Greening apples clinging to its leafless branches. The robin was sitting in the tree, gorging himself on apples.

Mr. Royer thinks possibly the robin is hanging around, when all of his friends have left for warmer climes, because of Mr. Royer's granddaughter, Robin. Maybe the robin thinks she's his particular namesake.

Whatever his reasons, Mr. Robin returns each day to the apple tree for a meal.

Film Available For Clubs And Groups

The announcement by Pepperidge Farm of a recently completed movie on sandwich making will be welcomed by the many women's clubs who are alert for new and interesting meeting material.

"New Ideas in Sandwich Making" presents a variety of unique and unusual tips on the art of the sandwich—and the results may astonish many who believe they have "seen everything there is" on sandwich preparation.

Shot in color on 16 mm film, the movie runs for 36 minutes. A soundtrack explains the demonstrations of Chef Aldo Graziotin, of the Culinary Institute of America.

Prints of the film are available free of charge from Pepperidge Farm. The company requests that a letter on club stationery be written to: General Promotion Department, Pepperidge Farm, Norwalk, Conn. Included in the letter should be alternate dates when the film is desired and the number of members in the club.

Honeymoon Trip

Mr. and Mrs. Wayne Starman, Rt. 4, Box 237A, Antioch, on honeymoon in Florida, visited the Music Box in Sarasota, Florida, and other points of interest. The Starmans were married Dec. 21.

Discards Can Help Needy

Even the neatest housekeeper has a few articles of clothing in her closet or attic that are too good to discard but are never worn.

Council No. 3800 of the Knights of Columbus of St. Peter's Church in Antioch have a use for such clothing, and for any old tools you may have laying around.

The little boy in the picture is a South American. You can see he could use almost anything in the way of clothing.

THIS IS ONE of the South American children who will benefit from your gifts of used clothing.

ing, and there are thousands more like him. Tools would help his father to earn and produce more food to keep his little ones from going hungry.

South America has a warm climate, so light weight clothing is the kind needed. The tools can be anything from shovels to hammers.

The old clothing or tools can be left at the Antioch Lumber & Coal Co. in Antioch or the Lake Villa Lumber & Coal Co., Lake Villa, or call 395-090 and arrangements will be made to pick up your contribution.

A few moments spent cleaning out closets now can brighten the lives of children who have never known what it is to have enough of anything.

Xmas Scenes Win Prizes

Winners in the Christmas Home Decorating Contest sponsored by the Moose Lodge were Leonard Rumpala, Loon Lake, first place; Hillard Telinski, Rt. 3, Box 738, Channel Lake, second place; and Laurel Van Patten, 515 Naber St., Antioch, third place.

Moose officials commented that few homes in the Antioch area were decorated this year. Perhaps the cold weather was partially responsible for the lack of decorating. Decorative dishes from Pickard China were given as prizes in the contest.

W.S.C.S. To See Drama At Meeting

The Woman's Society of Christian Service of the Methodist Church will have its first meeting of the New Year on Wednesday, January 8, at 12:30.

Gertrude Circle will have charge of the dessert luncheon; Mrs. Clarence Olsen and Mrs. O. W. Turner, chairmen. Mrs. Bernice Sitter will conduct the devotional part of the meeting.

"The Trial of Mary Ellis," a religious drama, by Dorothy Berg of Addison, Illinois, will be given. This play made a deep impression upon its presentation at the Rock River Conference at Elmhurst College last July.

Mrs. Kenneth Smouse will have the title role, assisted by Mesdames Elroy Anderson, Donald Gaston, David Cain, Emil Kapischke and Donald Cobb. Mrs. Elmer Eberman is the director. The public is invited.

Crew Of "Mr. Roberts" Takes Over Antioch

Now hear this! Now hear this! The Palette, Masque & Lyre, who on a somewhat shaky foundation took over the old Lakes Theater, to bring our community once again a legitimate theater, have indeed produced one of their best yet!

Under the very capable direction of that master of timing, Larry Welch, 16 local men and one lone woman donned Navy apparel, brushed up on ship-shape language, and promptly sailed

Heavy Post - Xmas Mail At Antioch P. O.

If you've been wondering where that Christmas package, card or letter is, it has probably been waiting patiently at the Chicago Post Office for someone to get to it.

Two hundred sacks of mail were received at the Antioch Post Office this Monday after Christmas. That's more than was received here on any day during the Christmas rush.

The magnificent foul-up of mail which occurred in the Chicago Post Office this Christmas season has delayed letters and packages for longer periods than at any time in the past. Boxes of mail waited while new loads of mail poured daily into the busy terminal.

So don't be surprised if you get a batch of Christmas cards today. Or a belated gift. The Chicago Post Office may adopt the slogan, "Better late than never."

Injured When Car Rolls Over Xmas Eve

Richard D. Stuhr, 24, of Rt. 1, Antioch, was taken to Great Lakes Hospital by the Antioch Rescue Squad on Christmas Eve when he was injured after his car rolled over.

The accident occurred when he tried to make a curve on Grass Lake Road, west of Rte. 59.

into the hearts of some 100 first nighters.

Robert Oddsen portrays with unusual ability the gentle and understanding Mr. Roberts. Homer La Plant even seems to take on the weathered look of a longtime Navy Chief. Joe Hunley as Doc, has an ever so slight resemblance to the Army Captain in Teahouse of the August Moon. We would have sworn Pres Reckers had genuine sea legs and a vast experience as a sea-faring mate. Those younger, and not-too-experienced seamen do one of the finest amateur jobs of staging a first night. I have seen in a long time. Bob Andersen looks so grumpy in the Captain's role we wouldn't have cared if he'd gone overboard.

Daisy Bevington stopped in like a real trooper to take the nurse's role for ailing Nancy Seyfarth, and did it as naturally as if it were written for her.

As may be expected, it sometimes takes an amateur production to expose heretofore unknown or at least unrecognized talent. Such is the case with "Doc" Al Bucari. His Ensign Pulver was beyond a doubt done with absolute professional realism.

Those implish eyes, and winning smile captivate you from the moment he first speaks until the final curtain.

They will be back aboard on Saturday and Sunday, Jan. 4 and 5, so book your passage now!

Lear Attends Teachers Convention

Five hundred teachers of Business Education participated in the annual convention of the North-Central Business Education Association in Cincinnati, Ohio, on Dec. 26, 27 and 28.

Ward Lear, Antioch Community High School, is one of the teachers attending the convention and serving as secretary to the Bookkeeping Round Table.

Features of the convention were round tables, problem clinics, assemblies and panel presentations geared to the needs of business educators.

Petty Sets Precincts For Junior College Vote on January 18

Dr. W. C. Petty has announced that 57 precincts have been set up in Lake County for the January 18 referendum on the establishment of a junior college district.

Voters in Antioch Township will vote at the following polling places: Precinct 1: Channel Lake School—all of Channel Lake School District No. 35, and all of that part of Antioch Community Consolidated School District No. 34 west of the corporate limits of the village of Antioch.

Precinct No. 2 — Grass Lake School—all of Lotus

Mr. Roberts Scores Hit

Those who attended Sunday night's showing of "Mr. Roberts" at the PM&L Theater in Antioch were loud in their praise of the excellent acting and entertainment value of the play.

Bob Oddsen, in the title role of Mister Roberts, Dr. Al Bucari as Ensign Pulver and Josef Hunley as Doc were rated as giving outstanding performances.

Daisy Bevington was applauded for her spur-of-the-moment performance in the role of Nurse Gerard. Daisy stepped into the role on 24-hours notice when Nancy Seyfarth's illness prevented her from taking part in the performance.

The play will also be shown on Saturday and Sunday, Jan. 4 and 5, and the following weekend, on January 11 and 12. In the last two performances, the part of Doc will be played by Dr. Kopriva. Reservations may be made by calling 395-3611.

School District No. 10 within Lake County and all of Grass Lake School District No. 36.

Precinct No. 3—Antioch Community High School—all of the village of Antioch.

Precinct No. 4—Oakland School, all of Lake Villa and Antioch townships lying outside any incorporated city or village, lying north of Grand Ave. and east of Illinois Route 83.

Precinct No. 5—Emmons School, Route 59 and Beach Grove Road—all of Emmons School District No. 33 west of Illinois Route 83 and all of Antioch Community Consolidated School District No. 34 lying south of the Village of Antioch and west of Route 83, and all of Lake Villa School District No. 41 north of Grand Avenue extended and west of Route 83, outside any incorporated city or village.

Members of the Lake County Community College Association report that they are actively continuing their campaign for a junior college right through the holiday season. The representatives of eight high school districts and five chambers of commerce continue with the tasks involved in establishing such a facility in Lake County.

January 18 is the date set by Dr. W. C. Petty for a vote on the junior college proposal.

Junior college proponents point out that the feasibility study shows that Lake County's population will be 435,000 by 1970, compared to 300,000 in 1960.

The increase will intensify the crowded conditions at colleges and universities. As a result, tuition fees will continue to go and the opportunity for a college education diminishes.

The Community College Association feels that if the

referendum is approved, it will alleviate the situation in the following ways: Cost to the student will be reduced; the student could live at home, saving money and also avoiding the problem of adjusting to college life away from home.

The junior college would serve high school graduates who want only two years of higher education; students who want to spend the first two years of a four-year course close to home, and young adults who hope eventually to earn a college diploma, workers who want to improve their skills, housewives interested in improving their chance of employment and older people with a desire to develop new interests.

There are several Lake Countians who approve the junior college plan.

James Milne, Vice President of Personnel at Abbott Laboratories, is a graduate of Joliet Junior College. He points to the cost factor and says a facility here would give Lake County parents the chance to give their children a start at higher education. Milne says it was a lack of funds which prompted him to attend a junior college and then gave him the incentive to continue his education further.

Fred Stahmer of Antioch, a Public Service Company employee, had attended Northern Illinois University for a year when he dropped out to be married. Later, he attended school at night at Wright Junior College in Chicago for two years.

Another Antioch man, George Bury, is also a junior college graduate. He is chief engineer for a Chicago tool works firm.

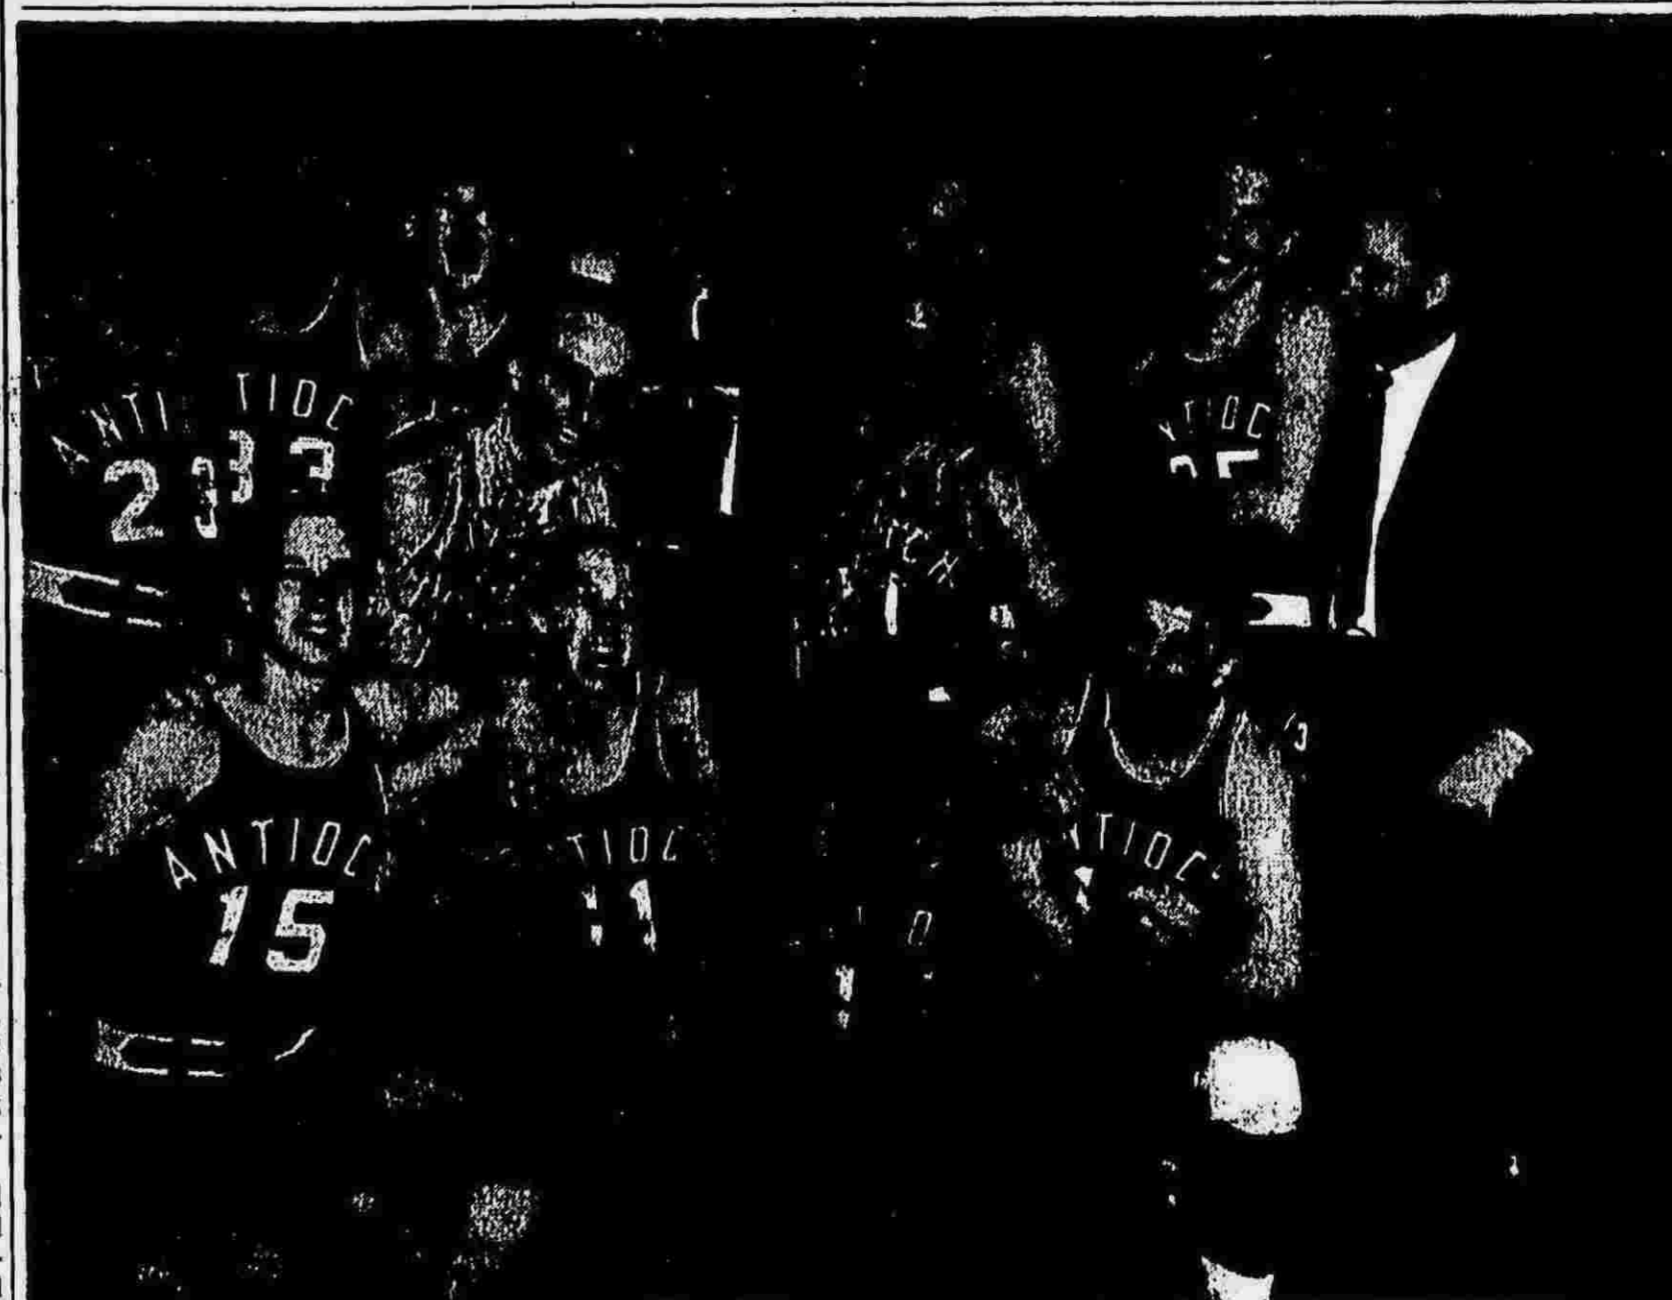

The Community College Association is planning a second booklet to explain the needs, reasons and advantages of a junior college. They have already published one such pamphlet. At a recent meeting, the best methods of distributing the booklets was discussed.

A suggestion from Dr. W. C. Petty to invite all superintendents of elementary and high schools in the junior college district to a meeting with association members was approved.

Invitations were issued to school superintendents for a luncheon meeting at the Round Lake Community High School on Jan. 9. In the invitation, Petty calls the election perhaps the most important yet held in Lake County. He says he thinks Lake County needs a junior college and asks school officials' help in carrying out the election with a favorable vote.

The referendum will ask voters to pass upon two questions printed on the ballot. The first is to establish a maximum tax rate of 20 cents per \$100 assessed valuation.

Voters must be registered to vote on the junior college proposition. Absentee ballots are available for voters who expect to be out of town or unable to vote on Jan. 18. Ballots may be applied for at any time at the county school superintendent's office in Waukegan or by phone or mail. Deadline for voting absentee in person is three days before the election, (Jan. 15) or by mail five days before the election (Jan. 13).

The Long, Long Ballot

With no one quite certain as to what can and can't be done in the nomination and election of candidates for the Illinois House and Senate, Secretary of State Charles Carpenter has announced that his office will accept petitions for nomination to the House regardless of geographical designation or the number of signatures, and that petitions for nomination to the Senate will be accepted only on the basis of the permanent Senate districts.

Our legislators, who collect a good salary for seeing that messes like this don't occur, are too busy blaming the opposing party for the mess to waste time doing any constructive thinking as to possible remedies for the disgraceful situation.

When Republicans get tired of blaming the Democrats in general, they can vary their refrain by blaming Governor Kerner.

Whether or not Republicans like it, Governor Kerner was duly elected to the office he fills by the people of Illinois. Those people have a right to expect their public officials to use their highly-paid official time thinking of the public welfare. Most of it in the last year has been spent in jockeying for advantage to one political party or the other.

The resulting mess of an at-large election may, finally, stir the "apathetic" voter, upon whom our lawmakers like to place the blame for everything, including their own inadequacies, to more action than the politicians wished for. Voters just might decide that even unskilled politicians couldn't do a much worse job than has been done, and the heads of a good many incumbents may roll.

It has been suggested that the respective political parties select the candidates, rather than attempt to hold a primary election. Just why political parties who have so dismally failed to show good faith in their actions to date—and certainly neither party has distinguished itself in this fiasco—should be rewarded by allowing them to select the candidates is quite beyond us.

No one, not even the lawyers, seem to be certain just what is legal in the present mess. This being so, we wonder if the special session which the Governor says he will call couldn't avoid the whole mess by deferring the question of re-apportionment and returning the districts as formerly designated to their legal status. This would avoid the expensive and ridiculous election-at-large. Possibly, then, public opinion could force the Governor and both parties to co-operate in seeking a fair and reasonable reapportionment plan before another election rolled around.

Courthouse Notebook

BY LOU DURNIN

The present chaos which has developed because Gov. Otto Kerner vetoed a re-apportionment bill and appointed a redistricting commission that failed to reach agreement vividly illustrates an important point made by State Senator Robert Coulson in his political booklet, "Illinois in the 1970's."

In the booklet Sen. Coulson warns that the legislature's responsibilities for law-making are being eroded away and suggests means of stopping the process.

One suggestion is that the legislature go to work promptly after it goes into session and moves its bills through both houses as early as possible so that if the governor vetoes a piece of legislation it has time to override the veto or to draft legislation which would be approved.

In the matter of re-apportionment, agreement on a redistricting bill was not reached until the closing day of the last session of the Illinois General Assembly and Gov. Kerner delayed affixing his veto signature until after the assembly had adjourned.

The veto was not unexpected and there was little likelihood that enough votes could have been mustered to override Gov. Kerner, but at least the legislature could have tried again to reach agreement on an acceptable plan if the bill had been passed earlier.

If nothing else the legislature could have presented several plans to the governor and then surrendered to him completely the power to enact legislation as he approved it.

By failing to act early enough the legislature in effect surrendered its responsibility to the Chief Executive.

Critics of Gov. Kerner have repeatedly scored him for failing to exert real leadership and in the re-apportionment mess he gave them new ammunition for this line of attack.

It seems inconceivable that out of the 10 names presented by each party the governor could not find 10 men who would accept his suggestions.

The nominees were certainly not unfamiliar with politics and would have recognized and understood a political squeeze play.

What they couldn't understand is the hands-off policy of Gov. Kerner once he made his selections and consequently nothing was accomplished.

There has been considerable speculation that the ground rules for the legislative election as adopted by the special session will be heavily loaded in favor of the incumbents.

It might be well for the legislators to avoid any rules that would identify the incumbents for the voters since the public just might be fed up enough with the legislative muddle to "throw the rascals out."

On the local front Coroner Robert H. Babcox is apparently unconcerned about opposition he might encounter in his bid for a fourth term.

He has undertaken a redecorating program in his fifth floor office suite in the courthouse by bringing in a host of pictures recalling highlights of his political, social, and athletic careers.

Also adorning the walls are diplomas, citations, and mementoes of a personal and professional nature.

Lake County Democrats will turn out Friday, Jan. 10, to pay homage to Gov. Kerner at a banquet at the Illinois Beach State Park Lodge.

The dinner is billed as non-political and non-partisan, but there is a sneaking suspicion abroad in the land that the governor won't re-

struction of 37 grade separations.

Work on non-interstate highways has been set up on a priority basis, as determined by recent traffic surveys on highway needs for the various parts of the state.

In addition to the many construction projects, a substantial sum of money has been reserved for the advance acquisition of right-of-way for both interstate and non-interstate highways so that future construction programs can proceed with a minimum of delay.

Now that you have resolved never to stay out that late, sing quite so loud, dance those new fangled dances, or have that one more for the road over again. And so promptly junked all other resolutions for this one. Have another aspirin on me, and let's take a look at what went on while we were on that Holiday merry-go-round.

THE LATEST REPORT: One last look at aged 1963 before we march on... Bet is was Freja Moser who cheerfully adorned that Garden Club evergreen in front of her apt. door... How many of you played hide-and-seek with Santa before you caught him? Understand he and Steve Chandler have a close relationship... Wonder if Stan Toton realized he had quite a group forming his College Bored—oops! Board that is... If you have seen that rather unusual ice-boat running around Antioch Lake, stop and talk to the owners, Jim Krieger and Jack Vos. They'll be more than happy to tell you about the boat's surgical removal from Jack's basement upon its completion... speaking of ice, the skating rink in back of the Aqua Center is operating in full blast, with lites for nite skating too, Mont and Dad!... New blot on our business area looms with the moving of another retail store.

THE LAST DROP: Well, my friends if you weren't aboard with Mr. Roberts on his maiden voyage last Sunday nite, brother and sister, you missed the boat! Talented "Doc" Al Bucar hadn't been on the stage five minutes when he had everyone in the audience "pulverized." Don't be late when the same crew takes another Pacific journey next Sat. and Sun. The curtain departs at 8:15 so hurry up the gangplank with all your friends.

DID YOU HEAR: Something to remember in this brand new year: It isn't necessary to blow out the other person's light to let your own shine!

May the Good Lord be willing Each night I hope and pray That we will be together in 1964 Somewhere Along the Way.

With the Christmas rush ended, people are beginning to scan the quadrennial tax assessment list and ask questions.

Why has the valuation on your property gone up? We asked Dudley Kennedy, Antioch tax assessor, that question.

The valuations listed in the paper are not the same as Mr. Kennedy's assessment of the value of your property. They were increased by Robert Jasper, supervisor of assessments.

So we called Mr. Jasper and asked him why. He said that the overall assessment in Antioch Township was at 44% of its real value, where it should be 55% of its real value. So he increased the assessed values, as submitted by Mr. Kennedy, by 1.15 for lands and lots, and .05 for improvements. This brought assessed valuations in Antioch Township up to 51% of their real value, Mr. Jasper says.

Wonder if Mr. Jasper would like to try his hand at being real estate agent. Do you suppose he could sell most of these places if he tackled 45% on the assessed valuation?

The Channel Lake PTA held their meeting last Wednesday in the school gym. The 5th and 6th grade students under the direction of Mr. Andreas presented a program to the public. The children sang a selection of Christmas carols and recited home holiday poetry. Mrs. Ed Krupo accompanied the children at the piano. After the program Santa appeared to give the children in the audience a small pre-Christmas treat.

It was announced that Mr. Orville (Pat) Clay would be the speaker for the January meeting. Mr. Clavey, who is with the Lake County Sheriff's office, is well known in the area for his work with young people.

The Brownie Scouts and the Junior Girl Scouts held Christmas parties. The girls exchanged gifts and had refreshments. Mrs. Jean Needham is the new Brownie leader. The Jr. Scouts are led by Mrs. Diane Irmen and Mrs. Mary Belman.

The Channel Lake basketball teams played last Tuesday after school. The B team lost their game but the A team came back in the second game to remain undefeated in conference play by defeating Lotus School of Fox Lake, 66 to 33. The boys are doing a splendid job under the coaching of Mr. Howard Scott.

Eileen Kalbow, daughter of Mrs. Blanch Kalbow, became the bride of Mr. Wayne Starman Saturday afternoon in Cicero, Illinois. A reception followed at the American Legion Hall in Antioch, with about 40 guests. The bridegroom is the son of Mr. and Mrs. Joseph Starman of Lake Catherine.

The Mike Hruby family of Merrill, Wisconsin and the Richard Prange family of Carbondale, Ill., are spending the holidays with Mrs. Hruby's and Mrs. Prange's mother, Mrs. David Strattan of Antioch. Mr. and Mrs. Prange had a terrible experience coming from their home in Carbondale, Friday night. They had two flat tires in the middle of nowhere on Rt. 66, with of course, only one spare. What Gas Is Right For Your Car?

If modern automobile engines are a wonder of efficiency, compactness and power, we can give a hefty share of the thanks to equally modern gasoline that is almost twice as good as it used to be.

Compared with 1930 when one ton of car weight was moved about 33 miles per gallon, present-day fuel will move a ton about 50 miles under the same conditions. The improvement is largely accomplished in higher octane ratings that have crept up to the point where most gasolines today are higher-rated than fighter aircraft fuel of World War II.

What fuel rating is right for your car? About 30% of all cars on the road today require a premium fuel and their owners would sacrifice performance without a corresponding saving in miles-per-gallon by failing to use it.

Generally speaking, if the compression ratio of your engine is 8.7 or less, standard grades are sufficient. Upwards of that ratio you are saving nothing with standard gas and you could do real harm to your engine.

Whatever the compression rating of your engine, your ignition timing must be set correctly for best performance and economy. Oil company researchers making spot checks report an average 86 per cent of cars have their ignition timing set imperfectly. Ninety per cent of these had advanced timing and the balance retarded.

You'd be wise to bring your car in for a timing check and then evaluate it for the right gas octane in case your compression is borderline.

Your Governor Reports

by OTTO KERNER

The State of Illinois has embarked upon another great year of road building.

The program to improve our state's highway network over the next 12 months involves planned expenditures of \$295 million—\$203 million for the new interstate system and \$92 million for non-interstate roads. More than two-thirds of the money, as usual, will come from federal funds.

Illinois already has opened to traffic more than 700 miles of its 1,588-mile share of the interstate system and is well ahead of the schedule that provides for a completion date of 1972. Construction, which will continue as rapidly as federal funds become available, is slated to pass the halfway mark in 1964.

Important construction projects are scheduled on Interstate Highways 55, 57, 70, 74, 80, and 270. These projects are logical extensions of the 1963 program that saw 57 miles of inter-

state highway opened to traffic, another 44 miles substantially completed though not yet open and 74 miles under construction. Engineering was initiated on an additional 454 miles.

The building of these controlled, limited access super-highways means a great deal to a state such as Illinois, where motorists travel more than 100 million passenger miles a day. Studies indicate the interstate system could carry up to one-fifth of the state's traffic despite the fact that it will consist of less than one per cent of the total mileage.

The 1964 highway program also provides for extensive work on non-interstate roads. Scheduled projects call for the improvement of 462 miles of highway including 123 miles of new construction, resurfacing or other improvement of 339 miles of existing pavement, construction of 69 new bridges and the widening of 14 other bridges and the construction or recon-

Hefty pin splintering by Jim Graham who rolled a record 670, 247 for a new high individual series, highlighted this week's action in the Bi-State.

Jim sparked the Taps-Chops-Cherries quintet double win over Rudolph Turkey Farm.

Gibbs & Jensen tripped the Colonial five all three games. Filiatreault led Gibbs & Jensen team with 545. Ted Ozga with a 564 gave the Haydon Homes team the needed boost to take a pair from Dalgard IGA (Roy Hartman 548).

John Vasta back in our league again led the Beauti-Vue Products to a double win over Slide Inn. John had a big 559 while Phil Burgdorf blasted a big 610 for the losers.

Rudolph Turkey Farm, with 29 wins and 16 losses, heads the league, and Colonial is second with a 2520 record. Dalgard IGA shares the number 2 spot with 25-20.

Rudolph Turkey Farm swept all three from Dalgard's IGA to take a commanding five game lead over Colonial, the nearest rival. Bill Olson (589) and Louis Rudolph (571) led the Turkey squad. Colonial grabbed a pair from Slide Inn with Earl Barnes and Ray Nastrocci leading the way with 552 and 577 respectively. Our old timer, Doc Koehn, led the Taps-Chops-Cherries quintet to a couple of wins over Haydon Homes. Doc shot a respectable 581 and Frank Huss rolled 559 for Haydon's. Bill Christianson (586) and Bob Morton (580) sparked Gibbs & Jensen to a double win over Beauti-Vue Products (Vic Grumbeck 565).

TAKE TIME TO
WIPE CAR WINDSHIELD

On cold mornings you are likely to find frost on the car windows if you left the car outside overnight. Wipe it off before you start out on the road so that you can see clearly. Take time to pull off the road to wipe off the splash-up from other cars travelling on the wet, dirty pavement. Clear the rear window as well as the windshield. Drive only when you can see clearly through the glass in your car.

The Long, Long Ballot

With no one quite certain as to what can and can't be done in the nomination and election of candidates for the Illinois House and Senate, Secretary of State Charles Carpenter has announced that his office will accept petitions for nomination to the House regardless of geographical designation or the number of signatures, and that petitions for nomination to the Senate will be accepted only on the basis of the permanent Senate districts.

Our legislators, who collect a good salary for seeing that messes like this don't occur, are too busy blaming the opposing party for the mess to waste time doing any constructive thinking as to possible remedies for the disgraceful situation.

When Republicans get tired of blaming the Democrats in general, they can vary their refrain by blaming Governor Kerner.

Whether or not Republicans like it, Governor Kerner was duly elected to the office he fills by the people of Illinois. Those people have a right to expect their public officials to use their highly-paid official time thinking of the public welfare. Most of it in the last year has been spent in jockeying for advantage to one political party or the other.

The resulting mess of an at-large election may, finally, stir the "apathetic" voter, upon whom our lawmakers like to place the blame for everything, including their own inadequacies, to more action than the politicians wished for. Voters just might decide that even unskilled politicians couldn't do a much worse job than has been done, and the heads of a good many incumbents may roll.

It has been suggested that the respective political parties select the candidates, rather than attempt to hold a primary election. Just why political parties who have so dismally failed to show good faith in their actions to date—and certainly neither party has distinguished itself in this fiasco—should be rewarded by allowing them to select the candidates is quite beyond us.

No one, not even the lawyers, seem to be certain just what is legal in the present mess. This being so, we wonder if the special session which the Governor says he will call couldn't avoid the whole mess by deferring the question of re-apportionment and returning the districts as formerly designated to their legal status. This would avoid the expensive and ridiculous election-at-large. Possibly, then, public opinion could force the Governor and both parties to co-operate in seeking a fair and reasonable reapportionment plan before another election rolled around.

Courthouse Notebook

BY LOU BURNIN

The present chaos which has developed because Gov. Otto Kerner vetoed a re-apportionment bill and appointed a redistricting commission that failed to reach agreement vividly illustrates an important point made by State Senator Robert Coulson in his political booklet, "Illinois in the 1970's".

In the booklet Sen. Coulson warns that the legislature's responsibilities for law-making are being eroded away and suggests means of stopping the process.

One suggestion is that the legislature go to work promptly after it goes into session and moves its bills through both houses as early as possible so that if the governor vetoes a piece of legislation it has time to override the veto or to draft legislation which would be approved.

In the matter of re-apportionment, agreement on a redistricting bill was not reached until the closing day of the last session of the Illinois General Assembly and Gov. Kerner delayed affixing his veto signature until after the assembly had adjourned. The veto was not unexpected and there was little likelihood that enough votes could have been mustered to override Gov. Kerner, but at least the legislature could have tried again to reach agreement on an acceptable plan if the bill had been passed earlier.

If nothing else the legislature could have presented several plans to the governor and then surrendered to him completely the power to enact legislation as he approved it.

By failing to act early enough the legislature in effect surrendered its responsibility to the Chief Executive.

Critics of Gov. Kerner have repeatedly scored him for failing to exert real leadership and in the re-apportionment mess he gave them new ammunition for this line of attack.

It seems inconceivable that out of the 10 names presented by each party the governor could not find 10 men who would accept his suggestions.

The nominees were certainly not unfamiliar with politics and would have recognized and understood a political squeeze play.

What they couldn't understand is the hands-off policy of Gov. Kerner once he made his selections and consequently nothing was accomplished.

There has been considerable speculation that the ground rules for the legislative election as adopted by the special session will be heavily loaded in favor of the incumbents.

It might be well for the legislators to avoid any rules that would identify the incumbents for the voters since the public just might be fed up enough with the legislative muddle to "throw the rascals out."

On the local front Coroner Robert H. Babcox is apparently unconcerned about opposition he might encounter in his bid for a fourth term.

He has undertaken a redecorating program in his fifth floor office suite in the courthouse by bringing in a host of pictures—recalling highlights of his political, social, and athletic careers.

Also adorning the walls are diplomas, citations, and mementoes of a personal and professional nature.

Lake County Democrats will turn out Friday, Jan. 10, to pay homage to Gov. Kerner at a banquet at the Illinois Beach State Park Lodge.

The dinner is billed as non-political and non-partisan, but there is a sneaking suspicion abroad in the land that the governor won't restrict the program to 37 grade separations.

Work on non-interstate highways has been set up on a priority basis, as determined by recent traffic surveys on highway needs for the various parts of the state.

In addition to the many construction projects, a substantial sum of money has been reserved for the advance acquisition of right-of-way for both interstate and non-interstate highways so that future construction programs can proceed with a minimum of delay.

strict his remarks to extolling the industrial and recreational advantages of the State of Illinois.

Along The Way

with ANNIE MAE

Now that you have resolved never to stay out that late, sing quite so loud, dance those new fangled dances, or have that one more for the road ever again. And so promptly junked all other resolutions for this one. Have another aspirin on me, and let's take a look at what went on while we were on that Holiday merry-go-round.

THE LATEST REPORT: One last look at aged 1963 before we march on . . . Bet is was **Fred Moser** who cheerfully adorned that Garden Club evergreen in front of her apt. door . . . How many of you played hide-and-seek with Santa before you caught him? Understand he and **Steve Chandler** have a close relationship . . . Wonder if **Stan Toton** realized he had quite a group forming his College Bored—oops! Board that is . . . If you have seen that rather unusual ice-boat running around Antioch Lake, stop and talk to the owners, **Jim Krieger** and **Jack Vos**. They'll be more than happy to tell you about the boat's surgical removal from Jack's basement upon its completion . . . speaking of ice, the skating rink in back of the Aqua Center is operating in full blast, with lites for nite skating too, Mom and Dad! . . . New blot on our business area looms with the moving of another retail store.

THE LAST DROP: Well, my friends if you weren't aboard with **Mr. Roberts** on his maiden voyage last Sunday nite, brother and sister, you missed the boat! Talented "**Doc**" **Al Bucar** hadn't been on the stage five minutes when he had everyone in the audience "**pulverized**." Don't be late when the same crew takes another Pacific journey next Sat. and Sun. The curtain departs at 8:15 so hurry up the gangplank with all your friends.

DID YOU HEAR: Something to remember in this brand new year: It isn't necessary to blow out the other person's light to let your own shine!

May the Good Lord be willing Each night I hope and pray That we will be together in 1964 Somewhere Along the Way.

Annie Mae

With the Christmas rush ended, people are beginning to scan the quadrennial tax assessment list and ask questions.

Why has the valuation on your property gone up? We asked **Dudley Kennedy**, Antioch tax assessor, that question.

The valuations listed in the paper are not the same as Mr. Kennedy's assessment of the value of your property. They were increased by **Robert Jasper**, supervisor of assessments.

So we called Mr. Jasper and asked him why. He said that the overall assessment in Antioch Township was at 44% of its real value, where it should be 55% of its real value. So he increased the assessed values, as submitted by Mr. Kennedy, by 1.15 for lands and lots, and .05 for improvements. This brought assessed valuations in Antioch Township up to 51% of their real value, Mr. Jasper says.

Wonder if Mr. Jasper would like to try his hand at being real estate agent. Do you suppose he could sell most of these places if he tackled 45% on the assessed valuation?

KENNY, 10, THOMAS SANBERG, director of development at Allendale School for Boys in Lake Villa, and Johnny, 9, welcome one of the five ducks presented to the school as Christmas presents by Olson Rug Co.

Channel Lake News

By Louise Gutowski 395-1317

(written for Dec. 26)

The Channel Lake PTA held their meeting last Wednesday in the school gym. The 5th and 6th grade students under the direction of Mr. Andreas presented a program to the public. The children sang a selection of Christmas carols and recited home holiday poetry. Mrs. Ed Krupo accompanied the children at the piano. After the program Santa appeared to give the children in the audience a small pre-Christmas treat.

It was announced that Mr. Orville (Pat) Clavy would be the speaker for the January meeting. Mr. Clavy, who is with the Lake County Sheriff's office, is well known in the area for his work with young people.

The Brownie Scouts and the Junior Girl Scouts held Christmas parties. The girls exchanged gifts and had refreshments. Mrs. Jean Needham is the new Brownie leader. The Jr. Scouts are led by Mrs. Diane Irmen and Mrs. Mary Belman.

The Channel Lake basketball teams played last Tuesday after school. The B team lost their game but the A team came back in the second game to remain undefeated in conference play by defeating Lotus School of Fox Lake, 66 to 33. The boys are doing a splendid job under the coaching of Mr. Howard Scott.

Eileen Kalbow, daughter of Mrs. Blanch Kalbow, became the bride of Mr. Wayne Starman Saturday afternoon in Cicero, Illinois. A reception followed at the American Legion Hall in Antioch, with about 40 guests. The bridegroom is the son of Mr. and Mrs. Joseph Starman of Lake Catherine.

The Mike Hruby family of Merrill, Wisconsin and the Richard Prange family of Carbondale, Ill., are spending the holidays with Mrs. Hruby and Mrs. Prange's mother, Mrs. David Stratton of Antioch. Mr. and Mrs. Prange had a terrible experience coming from their home in Carbondale, Friday night. They had two flat tires in the middle of nowhere on Rt. 66, with of course, only one spare. Their heater went on the fritz, their infant daughter's baby bottle froze and broke, and if you remember, it got down to about 12 degrees below zero that night.

After riding on the rim of one of the tires for about 7 miles they found a small motel and were able to get some help. The family at home was frantic for about 16 hours, the time they were missing.

Mrs. Stratton entertained some of her daughters' friends Monday morning for a Kaffe Klatsch in her home. Those present were Mrs. Pat Meyer, Mrs. Mary Boyd, Mrs. Shirley Gutowski, Mrs. Louise Gutowski and Mrs. Joanne Poulos.

What Gas Is Right For Your Car?

If modern automobile engines are a wonder of efficiency, compactness and power, we can give a hefty share of the thanks to equally modern gasoline that is almost twice as good as it used to be.

Compared with 1930 when one ton of car weight was moved about 33 miles per gallon, present-day fuel will move a ton about 50 miles under the same conditions. The improvement is largely accomplished in higher octane ratings that have crept up to the point where most gasolines today are higher-rated than fighter aircraft fuel of World War II.

What fuel rating is right for your car? About 30% of all cars on the road today require a premium fuel and their owners would sacrifice performance without a corresponding saving in miles-per-gallon by failing to use it.

Generally speaking, if the compression ratio of your engine is 8.7 or less, standard grades are sufficient. Upwards of that ratio you are saving nothing with standard gas and you could do real harm to your engine.

Whatever the compression rating of your engine, your ignition timing must be set correctly for best performance and economy. Oil company researchers making spot checks report an average 86 per cent of cars have their ignition timing set imperfectly. Ninety per cent of these had advanced timing and the balance retarded.

You'd be wise to bring your car in for a timing check and, then evaluate it for the right gas octane in case your compression is borderline.

Your Governor Reports

by OTTO KERNER

The State of Illinois has embarked upon another great year of road building.

The program to improve our state's highway network over the next 12 months involves planned expenditures of \$295 million—\$203 million for the new interstate system and \$92 million for non-interstate roads. More than two-thirds of the money, as usual, will come from federal funds.

Illinois already has opened to traffic more than 700 miles of its 1,588-mile share of the interstate system and is well ahead of the schedule that provides for a completion date of 1972. Construction, which will continue as rapidly as federal funds become available, is slated to pass the halfway mark in 1964.

Important construction projects are scheduled on Interstate Highways 55, 57, 70, 74, 80, and 270. These projects are logical extensions of the 1963 program that saw 57 miles of inter-

state highway opened to traffic; another 44 miles substantially completed though not yet open and 74 miles under construction. Engineering was initiated on an additional 454 miles.

The building of these controlled, limited access super-highways means a great deal to a state such as Illinois, where motorists travel more than 100 million passenger miles a day. Studies indicate the interstate system could carry up to one-fifth of the state's traffic despite the fact that it will consist of less than one per cent of the total mileage.

The 1964 highway program also provides for extensive work on non-interstate roads. Scheduled projects call for the improvement of 462 miles of highway including 123 miles of new construction, resurfacing or other improvement of 339 miles of existing pavement, construction of 69 new bridges and the widening of 14 other bridges and the construction or recon-

struction of 37 grade separations.

Work on non-interstate highways has been set up on a priority basis, as determined by recent traffic surveys on highway needs for the various parts of the state.

In addition to the many construction projects, a substantial sum of money has been reserved for the advance acquisition of right-of-way for both interstate and non-interstate highways so that future construction programs can proceed with a minimum of delay.

With the Christmas rush ended, people are beginning to scan the quadrennial tax assessment list and ask questions.

Why has the valuation on your property gone up? We asked **Dudley Kennedy**, Antioch tax assessor, that question.

The valuations listed in the paper are not the same as Mr. Kennedy's assessment of the value of your property. They were increased by **Robert Jasper**, supervisor of assessments.

So we called Mr. Jasper and asked him why. He said that the overall assessment in Antioch Township was at 44% of its real value, where it should be 55% of its real value. So he increased the assessed values, as submitted by Mr. Kennedy, by 1.15 for lands and lots, and .05 for improvements. This brought assessed valuations in Antioch Township up to 51% of their real value, Mr. Jasper says.

Wonder if Mr. Jasper would like to try his hand at being real estate agent. Do you suppose he could sell most of these places if he tackled 45% on the assessed valuation?

Hefty pin splintering by Jim Graham who rolled a record 670, 247 for a new high individual series, highlighted this week's action in the Bi-State.

Jim sparked the Taps-Chops-Cherries quintet double win over Rudolph Turkey Farm.

Gibbs & Jenson tripped the Colonial five all three games. Filiatreault led Gibbs & Jenson team with 545. Ted Ozga with a 564 gave the Haydon Homes team the needed boost to take a pair from Dalgard IGA (Roy Hartman 548).

John Vasta back in our league again led the Beauti-Vue Products to a double win over Slide Inn. John had a big 559 while Phil Burgdorf blasted a big 610 for the losers.

Rudolph Turkey Farm, with 29 wins and 16 losses, heads the league, and Colonial is second with a 2520 record. Dalgard IGA shares the number 2 spot with 25-20.

TAKE TIME TO WIPE CAR WINDSHIELD

On cold mornings you are likely to find frost on the car windows if you left the car outside overnight. Wipe it off before you start out on the road so that you can see clearly. Take time to pull off the road to wipe off the splash-up from other cars travelling on the wet dirty pavement. Clear the rear window as well as the windshield. Drive only when you can see clearly through the glass in your car.

Care of Christmas Plants

Many people have received house plants for Christmas and the problem arises how can they be cared for properly? Lee Smith, County Horticultural Agent of Kenosha County, said that all the Christmas plants do best in bright light and high humidity. In our present day over-dry houses, it will take special care to keep the plants in good condition.

The humidity can be increased around the plant by putting rocks or pebbles in a shallow container or jardiniere, and set the pot on top of them. Water is added to the top of the rocks. The pot should not stand in water. Slow evaporation will add moisture to the atmosphere around the plant.

Smith said that some of the Christmas plants that require humidity to make them last longer are: poinsettias, cyclamens, kalanchoes, Christmas begonias, Christmas peppers, and Jerusalem chery.

Drafts should be avoided—whether caused by heat registers or air passing through the room.

The poinsettias will stay colored up to six or eight weeks if temperatures at night are kept down to 55 to 60 degrees. Other plants that prefer cool night temperatures are: Christmas cactus, Azalea, Kalanchoe and mums.

Coffee Flavors a Luxury Pie

Coffee-lovers will delight in this creamy-rich Coffee Velvet Pie, exquisitely flavored with instant quality coffee. The accompanying beverage is also instant quality coffee brewed in a carafe, to bring out its full deep-bodied flavor.

Coffee Velvet Pie
3 tablespoons instant quality coffee
2 egg yolks
1 1/2 cups milk
1/4 cup cold water
1 envelope (1 tablespoon) unflavored gelatin
1/2 cup sugar
1 teaspoon vanilla
2 egg whites
1/4 teaspoon salt
1/4 cup sugar
1/2 cup heavy cream
1 baked 9-inch pie shell, cooled
Whipped cream

Combine instant coffee and egg yolks in saucepan. Gradually add milk and water, stirring constantly. Cook over medium heat, stirring constantly, until mixture coats spoon. (Do not boil.) Remove from heat. Pour over gelatin and 1/2 cup sugar and stir until gelatin is dissolved. Add vanilla. Chill until slightly thickened.

Beat egg whites with salt until foamy throughout. Add 1/4 cup sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Continue beating until mixture will form in peaks. Fold into gelatin mixture. Whip the cream; fold into egg white mixture. Pour into pie shell. Chill until firm. Garnish with whipped cream. Makes 6 to 8 servings.

Easy Way To Polish Furniture

The secret of furniture care is selecting the right polishes for the various wood finishes in your use. Gone are the days when polishing was a tiring, time-consuming task of endless rubbing to achieve the desired, well-cared-for gleam. Although antiques and worn furniture still require this kind of special attention, the rest of your furniture can be easily cared for with the newer polishes that give fine results with less effort. In the picture above the original satin finish of this Director's bedroom furniture is kept that way with effortless care by using a cream polish.

High Gloss Furniture—At least twice a year wax furniture with a liquid silicone wax polish. Between these waxings use a silicone spray type product. Both polishes will maintain the high gloss, provide cleaning and protection, and are very easy to use.

Satin Finish Furniture—Use a cream polish. Thoroughly moisten the cloth with polish and wipe over the surface. After the surface dries, a haze appears which is quickly wiped away with a clean, soft cloth. Many homemakers prefer to increase the gloss somewhat and use a silicone polish.

Low Gloss Furniture—To retain the dull dubbed appearance use a low luster cream polish.

Antique and Worn Furniture—To preserve and maintain the rich antique patina paste wax must be used. It must also be used on furniture finishes that are in poor condition. For worn furniture apply paste wax with a very fine steel wool to protect and reduce slight finish defects.

John Hamlin, stationed at the Army Base at Fort Knox, Kentucky, is home for the holidays with his parents, Mr. and Mrs. Lester Hamlin.

Fredonia, Kansas, Citizen:
"For a long time we've been puzzled by the farm program. Not merely confused by the doubtful economic logic of the whole program, but by the vague and misleading verbiage used in explaining it. . . . A short course in concise report writing might be required of all civil service employees so that all rules might be easily read and understood. Then those who may be the shearing sheep might at least be well-informed sheep."

What's The First Question?
It's likely to be one word . . . "Insurance"

More important than just having insurance are the questions: "what kind" and "how much."

Have you neglected to change your policy to keep up with changes in your home? Now you can streamline your insurance with a tailor-made "package policy." Call us this week for details.

CUB SCOUT PACK 192

The December Cub Scout
Pack meeting and Christmas
party was held at 7:30 Dec. 19
in the Grade School gym. The
December theme was an "Old
Fashioned Christmas."

The Flag ceremony was
presented by the Webelos.
Gordon Sillanoff, a new
Cubber in December, receiv-
ed his Bobcat pin.

A Wolf badge was awarded
Mike Kemmerer, a Wolf
Badge and gold arrow to
Cary Kovachny, silver arrows
to Leonard Benning, and
John Thain.

Jeff Kroepflin received a
Bear Badge and silver arrows
went to Bob Kennedy, Greg
Benning and David Yuskas.
A Lion Badge, a gold ar-
row and three silver arrows
went to Daryl Gussarson.

Donner stripes went to
John Thain and an Assistant
Donner stripe to Cary Kova-
chny.

Mark Polson received his
year pin.

Admittance to the Christ-
mas party was a can or box of
food. A large amount of
food was received. It will
be packed in baskets and
taken to the needy.

Den 5 made Christmas
favors to be taken to the
children in the Pediatric De-
partment at Condell Memori-
al hospital.

Each Den made Christmas
tree ornaments and the boys
decorated a Christmas tree.

The Altar and Rosary Society of Prince of Peace Church will hold their regular monthly meeting Wednesday, Jan. 8, at 8 p.m., starting with Benediction. A program is being arranged.

Knights of Columbus Give Baskets to Needy
The Knights of Columbus,

St. Peter's of Antioch Council 3800, distributed nine baskets of groceries in the Lake Villa area last Tuesday. Al Smith delivered two to the Lakeland Baptist Church, one to the First Baptist Church in Lindhurst, three to Prince of Peace Church, one to the Community Methodist Church in Lake Villa, and two to the Grace Community Church in Venetian Village. The pastors gave the baskets

to the needy of their church. All churches in the area, regardless of their denomination, were asked if they needed baskets.

Tom Pechousek, chairman, delivered five baskets in the Antioch area.

St. Mark's Lutheran Church

Thirty Luther Leaguers went caroling Sunday evening in the Lindhurst area, visiting "shut-ins." Among the carolers were Phillip Fabry, Ken Shewan, Terry Ptack and Solveig and Paul Nelson home from college for the holidays. Hot pizza was served when they returned to the church.

New Vestments

The Junior Choir wore their new white vestments with large red bows, when they sang at the Christmas Eve services of "Carols and Candles." The cottas were sewn by the ladies of the Altar Guild of St. Mark, and the material was purchased with money provided by individual gifts.

Socks and Mittens

The Sunday School children decorated a Christmas tree with mittens and socks that will be given to the Lutheran Welfare of Greater Chicago.

Monday afternoon the Junior Choir sang carols in Lindhurst Plaza and also visited "shut-ins." Mrs. Melvin Karau, their director, and Mrs. Axel Swanson, their piano accompanist, went with them.

Men's Club Meeting

Claude Anderson, newly elected president of the Lindhurst Men's Club, will preside over the Jan. 2 meeting. Plans for enlarging the club's membership will be discussed. The meeting will get under way at 8 o'clock in the Lindhurst Civic Center on Old Elm Road.

Garden Club Meeting
The Lindhurst Garden Club will meet Monday, Jan. 6, at the home of Mrs. Martha Maxwell, 2117 E. Fairfield Road at 8 p.m. Guests are welcome. A program is being arranged.

Grandmothers' Christmas Party

The Lindhurst Grandmother's Club held their Christmas party at Mrs. Jenny Volpentesta's home Thursday, Dec. 19. Mrs. Bridie Gibbons was guest of honor.

Birthday Greetings
Several of our neighbors had birthdays the last week and some are having them next week. Best wishes to Arthur Clark, Bill Flanagan, Ted Gruszezki, Donald DiSilvestro, Wesley VanVorous, Timmy Mertes, and his dad, Dudley, Anthony LaBarbera, Mark Kempinski, Broan Dooley and Kelly Flint and her daddy, Bud. Follow Up on Cancer Study

A major project of the Service department of the American Cancer Society is that vast epidemiological study known as the Cancer Prevention Survey.

In 1959, 8,000 volunteers in Illinois collected the information required for the study from 80,000 individuals. Each year a follow-up study is made, and in 1963 the Illinois Division reported a record of 99.6% follow-up on persons carried in the survey.

An almost 100% response was reported for physicians when asked to fill out a sim-

ple questionnaire on patients for whom they had signed death certificates. Researchers began their fourth follow-up Oct. 1, 1963, a difficult project, but important not only because of its innate value but also because it gives the volunteer opportunity to more than talk about the importance of Research.

"Volunteers," says Chairman Dr. John J. Zannini, "are in this project as part of the Service provided by the Society and they expect to stay in it until the job is done."

Sequoits Win Holiday Tournament!

Sequoits Take Home Holiday Trophy For 2nd Straight Year

The Antioch Sequoits failed to score a single field goal in the last quarter but eight free throws proved enough to save a 43 to 42 win over Bremen in the finals of the Fenton Holiday Tournament at Bensenville last Saturday night.

Ed Matejka cashed two charity tosses with 13 seconds left to give the Sequoits a three point lead. Bremen came back to within one point on a basket by Al Skrupa with three seconds to go. Bremen promptly stole the ball when the Sequoits tried to bring it inbounds but the gun signalled the end of the game before they could get a shot off.

The Sequoits led 12 to 6 at the first quarter mark and 22 to 15 at the end of the half. Vic Rogers teamed with Bernie Smith and Ed Matejka to give the Sequoits a comfortable edge on the boards, out rebounding the Braves 36 to 25.

Antioch had a comfortable eight point margin going into the final quarter when the freeze set in. The Sequoits quint failed to hit on any of their eight attempts from the field. A jump shot by Jim O'Dell, two free throws by Pete Schroll and a steal by Bill Beckwith pulled the Braves to within one point with 40 seconds to go.

Matejka was fouled with 13 seconds left and the score at 41 to 40. Ed made both attempts and gave the Sequoits the final 43 to 42 margin.

Scoring for the Sequoits was well balanced as Vic Rogers, Bernie Smith and Ed Matejka all checked in with 10 points each. John Lear was high for the victorious Sequoits with 12 points. Smith led in the rebounds with ten followed by Rogers and Matejka with nine each.

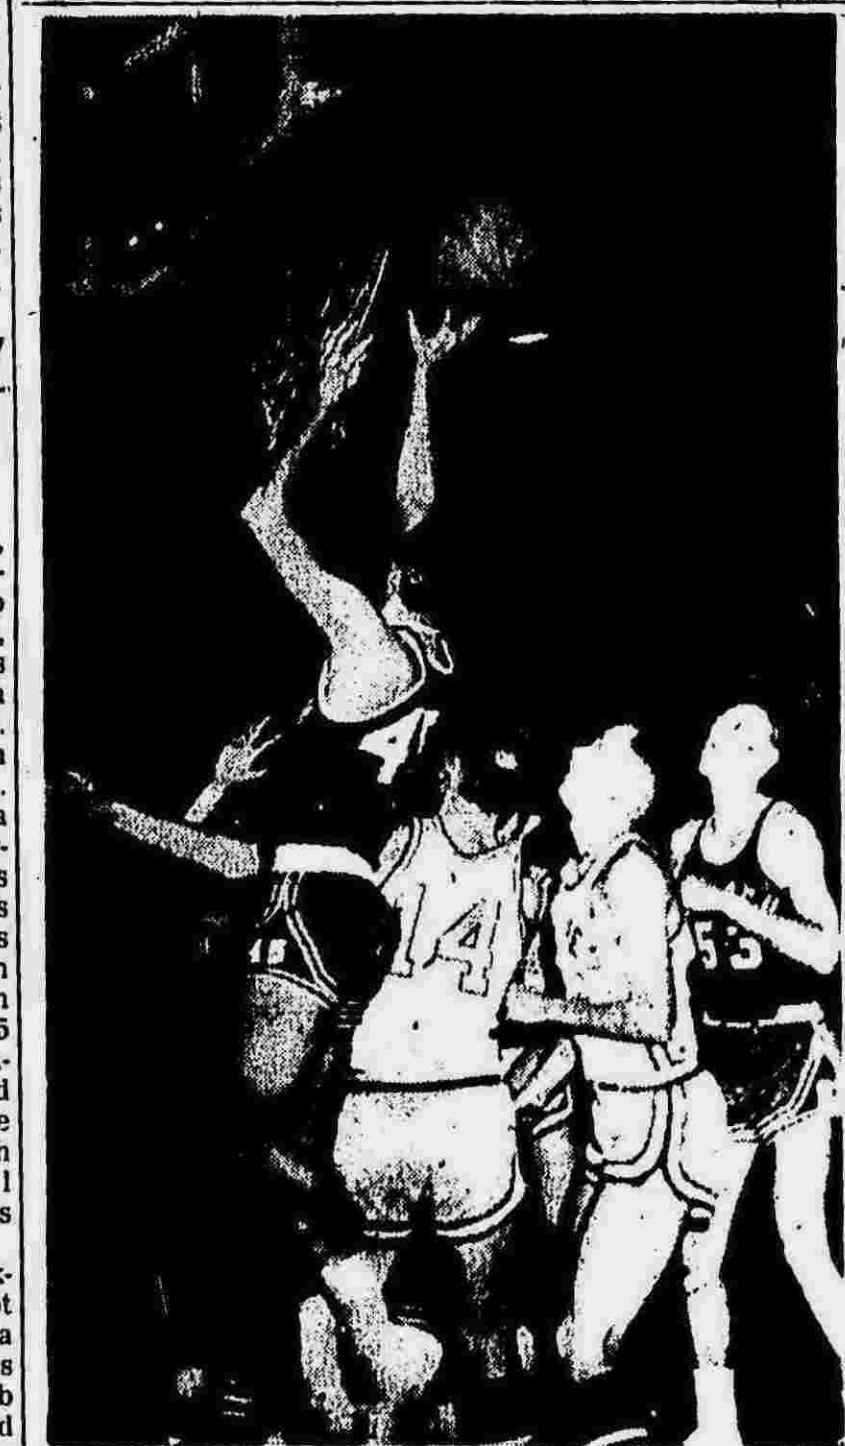

The victory Saturday night gave the Sequoits their second tournament crown in succession. Ed Matejka and John Lear are the only remaining members of 1982's tourney champs.

The Sequoits will have a week off before they get back into conference competition. They will meet Round Lake January 10th and Lake Forest on the 11th. Both games are at Antioch.

Vic Rogers was named to the all tournament team at his position at center. Vic scored 38 points during the three games of the tourney and collected 34 rebounds as well as doing an outstanding job defensively.

BERNIE SMITH (53) adds 2 more to the Sequoit scoring column against Bremen Saturday night. The Sequoits turned cold in the fourth quarter of the final contest and barely edged the Braves 43 to 42 for their second consecutive tournament crown. Smith was high scorer in the tourney for the Sequoits with 43 points.

ED MATEJKA (45) drives in on the base line for two points as the Sequoits win over Bremen in the finals of the Fenton Holiday Tournament at Bensenville. Antioch edged Bremen in the final 43 to 42.

Coach Dorm Grams cleared the bench. Mukwonago took advantage of this by keeping their starters in and pulled within 8 as the game ended. The Falcons' next game will be with Kenosha at Kenosha. The Red Devils are in first place in the Big Eight with a record of 8-0.

Sequoits Beat Elmwood Park To Reach Finals

By Howard Shepard

For the second straight year the Antioch Sequoits appeared in the finals of the Fenton Holiday Tournament. They reached this position by virtue of a 58 to 49 win over Fenton Thursday night and a 87 to 50 victory over Elmwood Park Friday night.

A scrappy Fenton squad gave the Sequoits a lot of trouble for three quarters, before they managed to break it open with a 19 point burst in the final stanza.

The score was tied at 6 all at the end of the first period and the Sequoits trailed by one point at halftime, 22 to 21. The Antioch quint rallied from a seven point deficit in the third quarter to tie the score again at the beginning of the 4th period.

Four baskets by Vic Rogers and three by Jeff Gates pulled the Sequoits out in front to stay and they won going away with the final margin of 58 to 49.

Rogers was high scorer for the Sequoits with 16 points followed by Gates and Smith with 12 and 11 respectively. Vic hauled in 17 rebounds to give Antioch a 38 to 31 edge on the boards. Fenton's Seimers was high point man in the contest with 24 points on 11 baskets and 2 free throws.

DOWN ELMWOOD 67-50

Returning to action Friday night the Sequoits combined speed and good shooting from the field to topple a taller Elmwood Park quint 67 to 50.

Jumping off to a 20 to 15 first quarter lead the Sequoits were never headed after that. By halftime they had increased their lead 33 to 23. Elmwood rallied somewhat in the third period and gained two points on the Sequoits but some easy baskets against Elmwood Park's press put the game on ice.

Bernie Smith led the Sequoits in scoring with 22 points on eight baskets and 6 free throws. Matejka and Lear followed with 17 and 14 respectively. Gerts was high for Elmwood Park with 12 points.

The Sequoits again controlled the boards with a 41 to 33 edge in rebounding. Smith was high for the Sequoits with 9 rebounds. Antioch had a good night from the field, cashing 26 of 57 attempts to 22 of 56 for Elmwood. The Sequoits made 15 of 25 from the free throw line.

RECORD CATFISH
A 28-lb. channel catfish, caught by Tom Giles, Edwards, is a new state record for that species, the Illinois Department of Conservation announced last week. The fish was caught on October 26, 1983, in a strip mine lake near Farmington, Giles, using a 12-pound test line, fought the fish for an hour, he baited his hook with a special preparation of his own making.

Fish Derby Date Set

Preparation for the Northern Illinois Conservation Club's 3rd annual Ice Fishing Derby, which will be held Sunday, January 12th, on the south end of Channel Lake, three miles west of Antioch on Highway 173 shifted into high gear as prizes were selected, and categories for winning these prizes were set.

Over 60 prizes will be awarded for catching the largest fish every hour in each group, which includes bluegills, sunfish, perch, crappies, bass and walleye pike, as well as for the largest fish of the day in each of these groups. There will be a prize for the smallest fish caught, and one for the odd.

More than a score of special contests have been scheduled for which prizes will be given, such as skating races for children; hole chopping contests for men and women; with chisels and ice augers; fishing contests for men, women and children, for the first fish caught in the freshly made holes. A prize will be won by the oldest fisherman, and the youngest fisherman, plus many others.

Starting time is 9 a.m. Tickets include supervised parking. All the net proceeds will be used by the NICC to augment its conservation and youth program.

Falcon Matmen Score 2 Wins

By John Hansen

The Salem Central wrestling team won its 5th straight match in a row by dumping Waterford, 30-16. The Wolverines trailed by only 3 points with 3 weight classes to go, but Dennis Remus (165) and Mike Herth (180) won on points and Heavyweight John Hansen pinned his opponent to clinch the match.

John Hansen scored the quickest pin, pinning John Moynahan in 70 seconds. Jim Durkin and Doug Davis also scored pins for Salem.

BEAT HORLICK
Coach Dennis Kirkman's Falcon wrestling team came up with a very impressive 20-19 win over a strong Horlick team. The Falcons picked up their 6th straight win in without two of their regulars. Doug Davis, who was unbeaten at 127 lbs., is out with an injured shoulder, and Mike Herth (180) is out with a cracked rib.

The match was close all the way through. Going into the last match the Falcons trailed 19-15. Heavyweight John Hansen pinned Horlick's John Loven to give the Falcons the points they needed to win.

George Schlagel of Salem scored an important pin in the 112 lb. class. Terry Crumbliss, Ron Gillmore, and Wayne Seitz all won on points for Salem. Jim Durkin and Ray Nosko drew with their rivals. The Falcons will shoot for 7 in a row Jan. 10 when they travel to Union Grove.

Salem Downs Wilmot, 55-41

By John Hansen

Salem Central notched win No. 6 with an important 55-41 conquest of inter-county rival Wilmot. The Falcons now have won 8 out of the last 10 games between the two schools. The win avenges last year's upset at the hands of Wilmot.

Three Falcons carried the scoring load, Joe Flaschner led with 18, Bob Hofer 17, and Lyle Foulke 13. Mike O'Dea led Wilmot with 17, Bob Alby who has been Wilmot's leading scorer, was held to 5 points by Hofer.

Coach Dorm Grams' cagers will shoot for their third victory without a loss against Southern Lakes Conference competition when they host Mukwonago in their last game before the holiday break.

The first quarter saw Salem, sparked by Bob Hofer's 6 points, shoot ahead 12-5. It was a different story in the second quarter as Wilmot erupted for the first 9 points of the quarter to take a 14-12 lead. Lyle Foulke tied the game at 14-14. Mike O'Dea swished a freethrow and Wilmot led for the last time, 15-14. Two freethrows by Foulke and a basket by Hofer gave Salem an 18-15 halftime lead.

Salem gradually built up a 5 point advantage over Wilmot in the 3rd quarter. Wilmot came within 1 point on three different occasions in the opening minutes only to have the Falcons counter with baskets by Flaschner, Dunek, and Foulke. Salem increased its lead to 6 points as Foulke dumped in a freethrow and basket as the period came to an end.

The Falcons jumped out to a 40-31 lead with 6:08 left in the game on baskets by Hofer and Flaschner. A basket by Sonnichsen and a lay-up off a steal by O'Dea cut Salem's lead back to 5 at 40-35. Any thoughts Wilmot had of winning were abruptly stopped as Lyle Foulke scored twice and Hofer and Flaschner once to put the game away.

A freethrow by Denny Weis with 38 seconds left gave Salem its biggest lead of the game, 53-37. Six freethrows were made in the closing 26 seconds, 4 by Wilmot and 2 by Salem. Hugo Hartman's 2 free throws capped the scoring at 55-41.
